In re Application of :  
George J. Miao :  
Application No. 10/614,366 :  
Filed: July 7, 2003 :  
Attorney Docket No. :

**ON PETITION**

This is a decision on the petition to withdraw the holding of abandonment, filed June 12, 2008.

The petition is **DISMISSED**.

The application became abandoned on December 21, 2007, after no response was received to the Notice of Allowance and Issue Fee Due mailed September 20, 2007, which set a statutory period for reply of three-months from its mailing date. No response was received within the allowable period, and the application became abandoned on December 21, 2007. A Notice of Abandonment was mailed January 16, 2008.

In the instant petition, petitioner maintains that the Notice of Allowance and Issue Fee Due was never received.

When, as in this case petitioner is arguing that an Office communication was not received, petitioner must establish non-receipt of the Office communication in accordance with section 711.03(c) of the *Manual of Patent Examining Procedure* that requires the following:

[t]he showing requires to establish non-receipt of an Office communication must include a statement from the practitioner stating that the Office communication was not received by the practitioner and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket record where the non-received Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

Petitioner must make a statement that petitioner's records were searched, but the Office communication was not found. Petitioner must also provide a copy of petitioner's logs showing where the Office communication would have been entered if it had been received. If petitioner does not keep a log, petitioner may file a copy of the contents of the incoming correspondence petitioner has received for this application. Petitioner may also file a copy of

any calendar notations petitioner maintains relative to this patent application that may corroborate petitioner's allegation that the notice was not received. This documentation must accompany any renewed petition filed under 37 CFR 1.181(a).

Alternatively, petitioner may revive the application based on unintentional abandonment under 37 CFR 1.137(b) (enclosed). A grantable petition pursuant to 37 CFR 1.137(b) must be accompanied by the required reply, the required petition fee (\$1,540.00 for a large entity and \$770.00 for a verified small entity), and a statement that the **entire** delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional.
